

## **Before It Goes Too Far**

### **Verse 1:**

**We've been playing this game for way too long  
When love is all we're chasing, we know that it's wrong  
Though, we're addicted to the thrill all the time  
We need to think it through before we cross that line**

### **Chorus:**

**We should stop, before it goes too far  
We should take a step back and think it through  
We should stop, be careful with our hearts  
We should stop before it goes too far**

### **Verse 2:**

**We can't control the rush, of emotion very long  
When we can't have what we long for, all hope is gone  
We must make a tough decision, sometime tonight  
It's time we face the truth and try to do what's right**

### **Chorus:**

**We should stop, before it goes too far  
We should take a step back and think it through  
We should stop, be careful with our hearts  
We should stop before it goes too far**

### **Verse 3:**

**We can't be friends any longer, even if we tried  
The temptation is too great, we have to say goodbye  
I will miss you greatly and the way we loved to play  
My heart will hold a place for you, until my dying day**

### **Chorus:**

**We should stop, before it goes too far  
We should take a step back and think it through  
We should stop, be careful with our hearts  
We should stop before it goes too far**
