

Bright Red Dress

Verse 1:

**She was spinning and twirling, around in the night
A bright red dress, glowing in the light
Her hair swaying, her feet tapping to the beat
The way she moved made me weak in my knees**

Chorus:

**Just a moment of beauty, that I'll never forget
So graceful, so perfect, a vision to behold
She moved with no effort and with great finesse
She was dancing around in a bright red dress**

Verse 2:

**With her eyes closed, her lips pressed she moved with the time
The sweet music played on the air so sublime
Everyone in the crowd noticed too
The way she swayed, left me feeling so blue**

Chorus:

**Just a moment of beauty, that I'll never forget
So graceful, so perfect, a vision to behold
She moved with no effort and with great finesse
She was dancing around in a bright red dress**

Verse 3:

**She danced with such passion, it's hard to deny
Her radiant beauty, made me feel so alive
I'll remember that moment so dear
The way she danced in that dress, with no fear**

Chorus:

**Just a moment of beauty, that I'll never forget
So graceful, so perfect, a vision to behold
She moved with no effort and with great finesse
She was dancing around in a bright red dress**
