

Send You A Ticket

Verse 1:

**Would you cross the cities, oceans, or fly the big blue sky?
Would you come and visit me while we relive some old times?
Long distance came between us and I'm longing to see you
Just hop a plane tomorrow and see what you can do**

Chorus:

**I'm dying to know, will you come to my door?
I'm hoping and wishing I just can't ignore
This longing inside me, it's burning like a flame
If I send you a ticket, will you hop aboard that plane?**

Verse 2:

**The time apart's been so hard, but I'm trying to stay strong
My heart is filled with yearning, it cannot wait too long
I'll do anything, just to have you here with me
If I send a ticket, would you come and visit me?**

Chorus:

**I'm dying to know, will you come to my door?
I'm hoping and wishing I just can't ignore
This longing inside me, it's burning like a flame
If I send you a ticket, will you hop aboard that plane?**

Verse 3:

**Take a chance, make it last, leave worries far behind
Take my hand, take a ride, we'll find a place to hide
The sooner you get near to me, the happier we'll be
Take the ticket, hop a plane and come to visit me**

Chorus:

**I'm dying to know, will you come to my door?
I'm hoping and wishing I just can't ignore
This longing inside me, it's burning like a flame
If I send you a ticket, will you hop aboard that plane?**
