

Hold Me Like You Hold Your Pillow

Verse 1:

**Wrapped up tight, in your warm embrace
Feels like I'm floating, in outer space
Your arms around me, it's like a dream
Never felt safer, than in your hold it seems**

Chorus

**Hold me like you hold your pillow each night
Soft and gentle, but strong and true
Never let me go, never say goodbye
Just hold me like you hold your pillow tonight**

Verse 2:

**I could stay here, forever and a day
In this haven, created for me to stay
Your touch is soothing, like a lullaby
Don't ever leave me, too many tears I'll cry**

Chorus

**Hold me like you hold your pillow each night
Soft and gentle, but strong and true
Never let me go, never say goodbye
Just hold me like you hold your pillow tonight**

Verse 3:

**In your arms, I find my peace
All my worries, they start to cease
You're my shelter, in this crazy world
Just hold me close, you'll always be my girl**

Chorus

**Hold me like you hold your pillow each night
Soft and gentle, but strong and true
Never let me go, never say goodbye
Just hold me like you hold your pillow tonight**
