

Never Too Far

(Verse 1)

**I thought I found the one true love. The one whose dreams I'd share
But circumstances changes things and we were not aware
That long distance romances were hard to keep intact
We tried our best to make it work, but we had to face the facts**

(Chorus)

**You're never too far from my mind and I think of you all the time
Great distance has come between us and it's a hill we can't climb
Every moment I breathe, every beat of my heart, has me longing for you
Time may pass and seasons may change, but the love we share will remain**

(Verse 2)

**The time has passed, since we first met. Your old photo melts my heart
Wishing I could still see you and go back to our start
Forever in my memory and forever in my soul
We gave our love a fighting chance, but the miles took their toll**

(Chorus)

**You're never too far from my mind and I think of you all the time
Great distance has come between us and it's a hill we can't climb
Every moment I breathe, every beat of my heart, has me longing for you
Time may pass and seasons may change, but the love we share will remain**
