

Did You Ever Think We'd Make It?

(Verse 1)

In the back of a worn-out car
Chasing dreams beneath the stars
We were just kids with wild hearts
Never thought we'd get this far

Whispers on a summer's breeze
Holding hands, we felt so free
With each hope, we planted seeds
Never thought it was just a tease

(Chorus)

Did you ever think we'd make it this far?
Through the storms and the nights in our little car
With the weight of the world, we carried on
Hand in hand, singing our favorite songs

Did you ever think we'd reach for the sky?
All our dreams, risen high
Through the laughter and the scars
Did you ever think we'd make it this far?

(Verse 2)

Every road that led us here
All the moments wrapped in fear
Through the doubts, we learned to fight
Finding strength in love's pure light

Faded pictures on the wall
Memories that still stand tall
With every stumble, with every fall
You are here, and we have it all

(Chorus)

Did you ever think we'd make it this far?
Through the storms and the nights in our little car
With the weight of the world, we carried on
Hand in hand, singing our favorite songs

Did you ever think we'd reach for the sky?
All our dreams, risen high
Through the laughter and the scars
Did you ever think we'd make it this far?
