

**Losin' Susan**

**(Verse 1)**

I first met her in grammar school  
Her desk was next to mine  
We'd sneak each other little notes  
To pass away the time  
I once gave her a Valentine  
She said that she'd be mine  
But, when I tried to kiss her  
She just pushed me aside

**(Chorus)**

I'm always Losin' Susan  
Don't know why I try  
Every time I make a move  
She's with another guy  
It's been many years that we've been friends  
I thought our love could be  
But, I'm always losin' Susan  
She's not into me

**(Verse 2)**

Then came all our high school years  
With happiness and tears  
She was on the cheering squad  
And I was nowhere near  
I finally got the nerve to ask her  
to the senior prom  
But, she ended up with someone else  
I think his name was Tom

**(Chorus)**

I'm always Losin' Susan  
Don't know why I try  
Every time I make a move  
She's with another guy  
It's been many years that we've been friends  
I thought our love could be  
But, I'm always losin' Susan  
She's not into me

**(Verse 3)**

I ran into her once again  
A couple years ago  
At a school reunion  
I didn't want to go  
She looked so nice and talked so sweet  
I hoped she would be mine  
But again, I tried to kiss her  
And she said it's not the time

**(Chorus)**

I'm always Losin' Susan  
Don't know why I try  
Every time I make a move  
She's with another guy  
It's been many years that we've been friends  
I thought our love could be  
But, I'm always losin' Susan  
She's not meant for me
