

I Was Hoping And Dreaming

(Verse 1)

**I was hoping and dreaming
And wishing and scheming
That we could finally make it
Work somehow**

(Verse 2)

**Leave the senseless fighting
Time for reuniting
Let's finally make it
Work somehow**

(Chorus)

**Remember the better days
Locked in love's embrace
Where did it go so wrong?
Why can't we bring it back?
Isn't it worth the time?
We need to make it work somehow**

(Bridge)

**All our time spent fighting
No more reuniting
Lost in the silence
Of what could have been
Is this really the end?
Or can we find a new start?**

(Chorus)

**Remember the better days
Locked in love's embrace
Where did it go so wrong?
Why can't we bring it back?
Isn't it worth the time?
We need to make it work somehow**
