

If I Knew Then What I Know Now

(Verse 1)

**I was young and reckless, chasing all my dreams
Living life without care, or so it seemed
Didn't know the cost of all the choices I made
The toll it took was the price that I paid**

(Chorus)

**If I knew then what I know now
I'd hold on tight. I'd make that vow
I'd cherish every moment and every single smile
If I knew then what I know now**

(Verse 2)

**Heartbreak and mistakes, they taught me well
I was so busy, I really couldn't tell
If I could go back, I'd change my ways
And find the love that got lost in the haze**

(Chorus)

**If I knew then what I know now
I'd hold on tight. I'd make that vow
I'd cherish every moment and every single smile
If I knew then what I know now**

(Verse 3)

**Lessons learned the hard way, scars that never fade
Bear little resemblance to who I am today
But if I could rewrite the past, somehow
I'd love you much more and I'd show you how**

(Chorus)

**If I knew then what I know now
I'd hold on tight. I'd make that vow
I'd cherish every moment and every single smile
If I knew then what I know now**
