

If You Lose All Hope

(Verse 1)

**When the storm clouds gather 'round
And the world feels so unkind
When your heart feels heavy and soul is tired
Remember, you're not alone**

(Chorus)

**If you lose all hope and the light fades away
You can count on me. I'll be here to stay
Through the darkest nights, I'll be your guide
You don't have to face this world, with tears in your eyes**

(Verse 2)

**When the shadows grow too long
And your path seems blurred
When the silence feels like a deafening roar
Just call my name and you'll be heard**

(Chorus)

**If you lose all hope and the light fades away
You can count on me. I'll be here to stay
Through the darkest nights, I'll be your guide
You don't have to face this world, with tears in your eyes**

(Verse 3)

**So take my hand, let's walk this road
With love and commitment, our hearts will grow
If you lose all hope, just look to me
Together we'll find, our destiny**

(Chorus)

**If you lose all hope and the light fades away
You can count on me. I'll be here to stay
Through the darkest nights, I'll be your guide
You don't have to face this world, with tears in your eyes**
