

Holding Back Her Tears

(Verse 1)

**She stands by the window
Staring into space
Wondering if she can forget
That old familiar face
The love she gave was met with lies
She's left with empty nights
What once seemed like a lifelong dream
Turned into daily fights**

(Chorus)

**She's holding back her tears
Trying to be strong through the years
She's had more than enough pain
No longer crying in the rain**

(Verse 2)

**She remembers all the promises
The dreams they once had shared
But now she's all alone
And feeling rather scared
Her heart is truly broken
But she knows she will survive
She's learning how to live again
And how to feel alive**

(Chorus)

**She's holding back her tears
Trying to be strong through the years
She's had more than enough pain
No longer crying in the rain**

(Bridge)

**She'll find her way, she'll heal her heart
She knows it's time for a brand new start
No more shadows, no more fears
Tired of living with held back tears**

(Chorus)

**She's holding back her tears
Trying to be strong through the years
She's had more than enough pain
No longer crying in the rain**
