

Mama Said

(Verse 1)

**Mama said, "Don't lose your head
Don't jump in bed with love misled
It's not the spark that makes you whole
Look for someone who feeds your soul"**

(Chorus)

**Mama said don't jump in bed
With the guy who only turns your head
Find a love that's built to last
Not the one that fades so fast**

(Verse 2)

**His smile's a fire, his touch a thrill
But is it love or just a chill
Mama's words keep echoing through
"Don't chase what isn't true"**

(Chorus)

**Mama said don't jump in bed
With the guy who only turns your head
Find a love that's built to last
Not the one that fades so fast**

(Verse 3)

**I'll search the world for love that's true
It won't matter if his eyes aren't blue
I'll try my best to pass this test
And find a guy with whom I'll nest**

(Chorus)

**Mama said don't jump in bed
With the guy who only turns your head
Find a love that's built to last
Not the one that fades so fast**
