

## **Tell Me Why You Cry**

### **(Verse 1)**

**Is it love that slipped away  
Or broken dreams that haunt your days  
I see your tears like drops of rain  
Tell me why you cry, share your pain**

### **(Chorus)**

**Tell me why you cry, let the words flow free  
Break the silence, share your hurt with me  
I'll be the light when your skies go gray  
Tell me why you cry, I'm here to stay**

### **(Verse 2)**

**Is it the nights that feel so long  
Or faded echoes of an old love song  
I see the ache that you try to hide  
Tell me why you cry, don't hold it inside**

### **(Chorus)**

**Tell me why you cry, let the words flow free  
Break the silence, share your hurt with me  
I'll be the light when your skies go gray  
Tell me why you cry, I'm here to stay**

### **(Bridge)**

**Every tear is a secret, every sigh a clue  
I'll stand here beside you and help you break through  
I'll listen to the whispers that your tears can't speak  
No need to hold back when you're feeling so weak**

### **(Chorus)**

**Tell me why you cry, let the words flow free  
Break the silence, share your hurt with me  
I'll be the light when your skies go gray  
Tell me why you cry, I'm here to stay**
