

Why Couldn't It Be Me

(Verse 1)

**I stood on the sidelines, while you made your choice
Hoping you'd hear love in the sound of my voice
But you turned away and found someone new
Now I'm left asking, did I mean anything to you**

(Chorus)

**Why couldn't it be me, the one you'd want to hold
Why couldn't I be the story you told
I gave my heart, but you couldn't see
Tell me why couldn't it be me**

(Verse 2)

**I pictured a future where you'd be my home
But you chose another. Left me here all alone
I gave you my all, but it wasn't quite right
Now I'm lost in questions, with answers out of sight**

(Chorus)

**Why couldn't it be me, the one you'd want to hold
Why couldn't I be the story you told
I gave my heart, but you couldn't see
Tell me why couldn't it be me**

(Bridge)

**I'll carry this ache for as long as I live
I gave everything, what more could I give
You chose the moment, for you what was right
And it was never me standing in your light**

(Chorus)

**Why couldn't it be me, the one you'd want to hold
Why couldn't I be the story you told
I gave my heart, but you couldn't see
Tell me why couldn't it be me**
