

## **Love Isn't Soft Or Easy**

### **(Verse 1)**

**We patch the cracks with laughter  
And stitch the seams with tears  
Built a home from quiet moments  
That stretched across the years  
We fight with gentle fury  
And make peace without a sound  
Find comfort in the chaos  
When no one is around**

### **(Chorus)**

**Love isn't soft or easy  
It's worn like weathered skin  
It's holding on through silence  
When words won't let you in  
It's choosing every morning  
Though storms have left their mark  
It's dancing in the darkness  
With faith instead of spark**

### **(Verse 2)**

**We've aged like stubborn oak trees  
Roots tangled, strong, and deep  
Faced winters without warning  
And promises we keep  
We've learned to speak in glances  
And listen with our hands  
Not perfect, but persistent  
Like waves that kiss the sand**

### **(Bridge)**

**And if the world forgets us  
Or time begins to fade  
Our love will leave its imprint  
In every vow we made**

### **(Chorus)**

**Love isn't soft or easy  
It's worn like weathered skin  
It's holding on through silence  
When words won't let you in  
It's choosing every morning  
Though storms have left their mark  
It's dancing in the darkness  
With faith instead of spark**
