

Dance Around the Christmas Tree

(Verse 1)

**Snowflakes falling soft and sweet
Boots are tapping to the beat
Laughter drifting through the room
Grandma's dancing with a broom**

(Chorus)

**We dance around the Christmas tree
Spinning like a winter breeze
Shining bright for all to see
Hearts so light and full of glee
We twirl and laugh the night away
Making memories that stay
Oh, nothing feels as right to me
As dancing 'round the Christmas tree**

(Verse 2)

**Kids are jumping, pets are too
Someone lost a Christmas shoe
Cocoa mugs and cookie crumbles
Feel the beat begin to rumble**

(Chorus)

**We dance around the Christmas tree
Spinning like a winter breeze
Shining bright for all to see
Hearts so light and full of glee
We twirl and laugh the night away
Making memories that stay
Oh, nothing feels as right to me
As dancing 'round the Christmas tree**

(Bridge)

**Let the laughter fill the night
Every twirl a spark of light
Hold this moment, let it be
A shining Christmas memory**

(Chorus)

**We dance around the Christmas tree
Spinning like a winter breeze
Shining bright for all to see
Hearts so light and full of glee
We twirl and laugh the night away
Making memories that stay
Oh, this is how it's meant to be
Dancing 'round the Christmas tree**
