

I've Tried And Tried

[Verse 1]

I don't know where I'm going,
But I sure know where I've been
Traveling this whole country
With a suitcase in my hand
I've logged a million miles
That took me away from you
While I've met so many others,
No one else compares to you

[Chorus 1]

Yes, I've tried and tried and tried
To make you believe in me
Whether in the Windy City
Or someplace beside the sea
It doesn't matter where I go
I'll always think of you
Please don't think it's just a line from me
I really do love you

[Verse 2]

I've traveled for so long
I'm not sure where to call my home
Every day's a different city
And some bucks to call my own
Sometimes it gets the best of me
It's time to head back home
To the one who never lets me down
And the girl I call my own

[Chorus 2]

Well I've tried and tried and tried
Why won't you believe in me?
Whether in the Windy City
Or someplace beside the sea
It doesn't matter where I go
I'll always dream of you
Please don't think it's just a line from me
I really do love you

[Chorus 1]

Yes, I've tried and tried and tried
To make you believe in me
Whether in the Windy City
Or someplace beside the sea
It doesn't matter where I go
I'll always think of you
Please don't think it's just a line from me
I really do love you
