

Javelina Play The Concertina

[Verse 1]

Out by the mesquite gate
There lived a rowdy boar
Little tusks, big attitude
He wanted something more

He found an old concertina
In a cracked red crate
He snorted like, "That's my sound"
Then he pushed it straight

[Pre-Chorus]

He pumped with those front feet
Clicked through a crooked tune
Dust jumped off the porch boards
Under that hot noon moon

[Chorus]

Javelina, play it clean
Squeak and squeeze, you little machine
Javelina, spin that reed
Make the whole barn dance indeed
(Javelina, Javelina)

[Verse 2]

He wore a bandana proud
Like a king on parade
Cactus crowd on the fence line
Clapping to the grade

He learned a stompin' rhythm
From a boot and a tin cup
Every time he hit that chorus
Everybody shouted up

[Pre-Chorus]

He leaned into the bellows
With a twinkle in his eye
Even the old barn cat
Started circlin' by

[Chorus]

Javelina, play it clean
Squeak and squeeze, you little machine
Javelina, spin that reed
Make the whole barn dance indeed
(Javelina, Javelina)

[Bridge]

Then he took a little break
Sniffed a tamale tray
One toot, two toot, three toot
Sent the silence away

[Final Chorus]

Javelina, play it clean
Squeak and squeeze, you little machine
Javelina, spin that reed
Make the whole ranch dance indeed
Javelina, play it clean
Tusks up high and paws so mean
Javelina, steal the scene
King of the squeeze, the desert sheen
(Javelina, Javelina)
